

AH-PED1

ACOUSTIC TELEPHONE BOOTH PEDESTAL

DS-318 Issue 01

Thank you for your interest in Ziztel - we are a UK based manufacturer of PAGA and Intercom products. Our systems are mainly designed for use in the Hazardous Oil, Gas and Petrochemical industries.

The AH series of acoustic hoods and shelters were specifically developed for Marine, Petro chemical and heavy industry, use in less arduous environments is therefore readily accepted.

A range of accessories are available which compliment the AH booth, included in these is the AH-PED1 pedestal / stand.

AH2 / 23 / 26 ACOUSTIC TELEPHONE BOOTH STAND

Corrosion resistant – Minimal maintenance

All steel fabrication – Designed for industrial environments

Factory Pre drilled – Simple installation

Ziztel AH series acoustic booths and shelters enable effective two way speech communications in high ambient noise locations and are specifically designed to provide reliable service with minimal maintenance in aggressive climatic and environmental conditions.

The AH unit can be arranged to free stand by addition of an optional pedestal stand. The AH-PED1 is a heavy duty galvanised steel fabrication which can be delivered in a range of attention getting colours to align with the selected Ziztel hood. The PED1 facilitates rapid on site installation and is supplied pre drilled to accept AH2 / 23 / 26 Ziztel acoustic booths.

Stand length is set to ensure comfortable operating height; alternative requirements can be tailored to specification.
