

MMX – 2 INTERCOM HEADSET

DS-145 Issue 02

Thank you for your interest in Zitel - we are a UK based manufacturer of PAGA / MBS and Intercom products. Our equipment is mainly designed for use in the Military, Marine, Hazardous Oil, Gas and Petrochemical industries.

The MMX 2 intercom headset can be used in conjunction with MT50, MT50 -20 and DAS series of industrial amplifiers to form part of an overall two way voice communication package. A 5 way male XLR plug is supplied with the unit to allow connection to a surface or flush mounting mating XLR socket assembly.

MMX – 2 SAFE AREA HEADSET

Light weight / Eliminates operator fatigue

Noise cancelling microphone – Improves speech intelligibility

Closed head phones – Background noise reduction

The Zitel MMX-2 headset is designed for use in an internal safe area location – for example a control room environment. The unit comprises of twin closed cup / muff receivers, boom mounted electret close talk microphone with cardioid polar response and a 2 metre flexible cable tail. Extension leads are available up to 50 Meters.

MMX 2 Headset	
Transducer type: Dynamic	Dynamic
Operating principle	Closed
Frequency response	18 Hz – 22,000 Hz
Maximum sound pressure level	110 dBA
Total harmonic distortion	< 0.2%
Headband Pressure	2 N
Weight without cable	155 g
Cable	2.5 metre / single straight non flame retardant / fire resistant cable
Connections	3.5mm stereo jacks with conversion to 5 pin XLR plug male
Microphone	
Transducer type	Condenser / electret
