Consequently our products are very robust and designed to comply with international standards.

Please do not hesitate to contact us for further information on our products we look forward to working with you on a project soon...

DAS-04 SAFE AREA CONSOLE STATION

19 inch rack mount 2 unit space – industry standard fixing

Operates in conjunction with DAS04 – integrated loudspeaker, volume control, noise cancelling microphone – intelligible speech communications

Ziztel DAS-04SCM is a 19 inch rack / console mount emergency intercom station specifically designed to operate in a DAS04 Muster communications package. The unit engages 2 U of rack height and incorporates the following hardware:

Goose neck mounted MG400 noise cancelling microphone transducer, wide range loudspeaker, 'push to talk / release to listen' momentary push button and a receive volume level control. Connection to the host DAS04 station is made by a 3 pair cable which enters the rear of the unit via a pre cut 20 mm gland entry.

Image shows DAS04SCM panel fitted with optional 'Buccaneer' socket allowing connection of a headset and boom microphone.
