

SPH1140

RE ENTRANT SAFE AREA PROJECTOR HORN

DS-319 Issue 01

Thank you for your interest in Ziztel - we are a UK based manufacturer of PAGA and Intercom products. Our systems are mainly designed for use in Marine, Military and Hazardous Oil, Gas and Petrochemical industries.

The SPH1140 horn loaded loudspeaker is one of a wide range of electro-acoustic products available from Ziztel Ltd. SPH1140 can be used stand alone or as part of a cluster of units racked to provide a high power line source solution. (see data sheet SPH1140-HPSA DS 273)

40 WATT HORN LOADED LOUDSPEAKER

Corrosion resistant – Minimal maintenance

Wide frequency range – Suitable for PAGA / MBS public address applications

IP 66 rated – Designed for hostile climatic conditions

The Ziztel SPH1140 is a high performance weather proof projector horn loudspeaker designed to provide effective paging / public address and alarm tone communications in high ambient noise locations. The unit is specifically designed to provide reliable service with minimal maintenance in aggressive climatic and environmental conditions.

The unit incorporates integral 100 Volt line transformer enabling sound pressure level setting in 3 dBA increments. Fixing is by a stainless steel saddle bracket which allows angling to target listening area.

Technical specification	
Material	Polyester flare, Stainless steel accessories
Dimensions	400 x 200 x 420 mm
Input	40 Watts RMS
Power settings	40,20,10,5 Watts
Duty cycle	Continuous
Sensitivity	113dBA at program input
Frequency response	200Hz to 7KHz
Temperature range	-40 C to + 60 C
Coverage	90 / 45 degrees
Finish	Natural
Weight	3.9Kg
Environmental	IP66
